Hello, Mr. Robertson. I wanted to let you know that EPA sent you an interim FOIA response through FOIA online moments ago. There are 26 documents loaded onto FOIA online. We have additional documents that are ready to be sent to you, but we had some computer issues that prevented us from uploading them onto FOIA online. While our interim response to you says that we will provide a second response in 30 days, I wanted to let you know that we will be uploading documents next week for your review. Please do not hesitate to call me if you have any questions. Thank you.

Elizabeth McKenna
